EDUCATION

- 2020 - 2024
TARABA STATE UNIVERSITY
- BACHELOR OF SCIENCE

SKILLS

- Frontend Development
- Backend Development
- UI/UX Design
- Database Management
- Project management
- API design

TOOLS

- HTML/CSS/Javascript
- Python
- Django
- React/ Nextjs
- Tailwind
- Figma
- Postgres
- HTMX/ Alpine js
- Git/Github

LANGUAGES

- English (Fluent)
- Hausa (Fluent)

PROFILE

I am a dedicated and results-driven Backend Developer with over 3 years of experience in designing, developing, and deploying scalable web applications using Python, Django, and RESTful APIs. My expertise extends to full-stack development, where I build complex web applications using technologies like JavaScript, TypeScript, React, Next.js, and Django. I specialize in crafting efficient database structures, optimizing performance, and ensuring system stability to handle high traffic and complex operations. Additionally, I excel at creating intuitive user experiences with HTML, CSS, Tailwind CSS, and UI/UX design, using Figma to develop visually engaging designs and prototypes. Throughout my career, I have successfully built and optimized APIs, improved website performance by up to 60%, and led the development of high-traffic applications. I thrive in dynamic environments, collaborating with cross-functional teams to deliver impactful solutions. Always eager to stay updated with the latest technologies, I am committed to continuous learning and delivering solutions that drive business success and system efficiency.

WORK EXPERIENCE

- Webdeveloper** 2024 - PRESENT
Gradenet ICT Hub jalingo hamaruwa way
 - Improved website efficiency with the use of Javascript, HTML and CSS
 - Build Fullstack Scalable Web applications Using Python django for the backend and React Nextjs for the frontend.
- UI/UX Designer** 2023 - 2024
Gradenet ICT Hub jalingo hamaruwa way
 - Enhanced user experience by designing intuitive, user-centric interfaces.
 - Created interactive Figma prototypes to visualize and refine design concepts.
 - Collaborated with development teams to ensure seamless integration of designs into final products.
- Instructor** 2023 - 2024
Adoore Ugroge House magami jalingo
 - Creating and structuring lesson plans, exercises, and projects aligned with learning objectives.
 - Helping students troubleshoot errors and overcome coding challenges.
 - Using coding tools, platforms, and software effectively.

HOBBIES

Coding, Listing to music, Watching Movies, Playing game
